THE CHEST HEARS IT FIRST

French producer and DJ, based in Berlin. Gannein makes techno for a mature ear, built to outlast its season, and keeps almost all of it under 250 Hz. The chest hears it first.

Kick and sub sit dead centre. Percussion rolls underneath ; a melody climbs over the top and stays. At 1:53 in Antennae he cuts the sub to a third for eight bars. The top opens. The room leans in. At 2:09 the weight comes back.

Tresor, Globus floor, 25.09.2024. His records come out on Soma, Vault Sessions, Mindtrip and ARTS, and on his own labels : NIENN for the restrained ones, GARECO for the warm ones. Last : Glazart, Paris, four hours, 07.09.2025.
